Head Lice Inspection

Throughout the year, the school will be arranging head lice inspections of students.

The management of head lice works best when all children are involved in our screening program.

The school is aware that this can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatisation.

Before any inspections are conducted staff will explain to all students what is being done and why, and it will be emphasised to students that the presence of head lice in their hair does not mean that their hair is less clean or well kept than anyone else's. It will also be pointed out that head lice can be itchy and annoying and if you know you have got them, you can do something about it.

Trained staff from our school will conduct the inspection of students.

The person conducting the inspections will physically search through each student's hair to see if any lice or eggs are present. Muslim girls will only be inspected in the presence of women.

In cases where head lice are found, the person inspecting the student will inform the student's class teacher and the principal. The school will send a written notice home with the child and provide parents with comprehensive advice about the use of safe treatment practices which do not place children's health at risk.

Please note that the law requires that where a child has head lice, that child should not return to school until appropriate treatment has commenced.

PG Movie Parent Consent

From time to time our students are required to view electronic material through the DEECD site, DVDs and other electronic resources. The Australian Curriculum, at all levels, specifies many examples of DVDs and electronic materials to support teaching and learning in the classroom. The current DEECD rule is that parents must provide permission for a student to view a PG movie/content. We are requesting that all parents give us written permission to allow students to view selected and supervised PG material to support the classroom programs and learning. Many DVDs these days are rated PG, e.g. The Lion King. A further example of part of the history curriculum for Level 3 and 4, that calls for the screening of the movie "Oliver", which is also rated PG, yet is recommended as part of the curriculum by DEECD.
