SCOPE

This policy addresses how Bundoora Primary School aims to prevent, address, and respond to student bullying behaviour. Bundoora Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with

our Student Code of Conduct, Student Wellbeing and Engagement Policy, and Inclusion and Diversion Policy.

This policy applies to all school activities, including camps and excursions.

POLICY

Definitions

Bullying

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium, and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- it involves a misuse or imbalance of power in a relationship,
- it is targeted, ongoing and repeated behaviour, and
- it involves behaviours that can cause harm (physical, social, emotional, or psychological) to another person.

Bullying can be:

1. **Physical bullying** and **property abuse** includes, but is not limited to, unwanted physical touching; physical violence such as kicking, pinching, pushing, scratching, slapping, biting, or tripping someone; interfering with someone's belongings; damaging personal items; repeatedly hiding someone's possessions; throwing objects with the intent to injure or annoy.
2. **Verbal bullying** includes, but is not limited to, name calling; 'putting people down' either to their face or behind their back; comments about appearance, culture, or religion; offensive or annoying messages /phone calls; sending notes; name calling and teasing in person.
3. **Indirect bullying** – e.g., spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance and encouraging others to participate in bullying behaviours.
4. **Emotional/psychological bullying** includes, but is not limited to, deliberately ignoring or excluding others from the group, or withdrawal of friendship; acts of extortion such as demanding the victim provide copies of notes/assessments; pressuring others to act against their wishes; spreading rumours; stalking.

5. **Sexual bullying** includes taunts about body parts and development, teasing about sexual orientation, unwanted sexual attention from another, notes or pictures depicting sexual content.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example, via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio. It could include intentionally excluding others from an online group, posting personal information including phones and video on internet sites and social media without permission to cause distress and humiliation, using technology to cause harm to others.

Other distressing and inappropriate behaviours

Many distressing and inappropriate behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing and inappropriate behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy, Student code of conduct, and Behaviour Management plan.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Bundoora Primary School will use its Student Wellbeing and Engagement Policy and Behaviour Management Plan to guide a response to single episodes of nastiness or physical aggression.

Harassment is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Further information about these two forms of harassment, including definitions, is set out in our Inclusion and Diversity Policy. Harassment of any kind will not be tolerated at Bundoora Primary School and may have serious consequences for students engaging in this behaviour. Bundoora Primary School will use its Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

Bullying Prevention

Bundoora Primary School has several programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness, and respect.

Bullying prevention at Bundoora Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effect way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.

- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- Whole School incursions and programs are planned each year to raise awareness about bullying and its impacts.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.

For further information about our engagement and wellbeing initiatives, please see our Student Wellbeing and Engagement policy.

Incident Response

Reporting concerns to Bundoora Primary School

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Bundoora Primary School are timely and appropriate in the circumstances.

We encourage students to speak to their classroom teachers. However, students are welcome to discuss their concerns with any trusted member of staff including teachers and the Primary Wellbeing teacher.

Parents or carers who develop concerns that their child is involved in or has witnessed bullying behaviour at Bundoora Primary School should contact our Primary Wellbeing Officer or our Principal on 03 9467 2601.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations in chronicle on Compass; and
2. inform the relevant classroom teacher, Year Level Coordinator, Primary Wellbeing officer, Assistant Principal, or Principal.

The relevant staff named above will investigate allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, a team member may:

- speak to the those involved in the allegations, including the target/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents,
- speak to the parents of the students involved,
- speak to the teachers of the students involved,
- take detailed notes of all discussions for future reference, or
- obtain written statements from all or any of the above.

All communications with the team while investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to implement an appropriate response most effectively to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When the team has sufficient information to understand the circumstances of the alleged bullying and the students involved, several strategies may be implemented to address the behaviour and support affected students.

There are several factors that will be considered when determining the most appropriate response to the behaviour. When deciding about how to respond to bullying behaviour, Bundoora Primary School will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

The principal may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the target student or students, including referral to the Primary Wellbeing Officer, School Psychologist or Department of Education School Support Services Officers.
- Offer counselling support to the students engaging in bullying behaviour, including referral to Primary Wellbeing Officer, School Psychologist or Department of Education School Support Services
- Offer counselling support to affected students, including witnesses and/or friends of the target student, including referral to Primary Wellbeing Officer, School Psychologist or Department of Education School Support Services
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a process using the Support Group Method, involving the target student(s), the students engaging in bullying behaviour and a group of students who are likely to be supportive of the target(s).

- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan restricting contact between target and students engaging in bullying behaviour.
- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including resilience programs and social skills small group work.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.

Bundoora Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

Bundoora Primary School is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour. Records will be kept on Compass Chronicle for the duration of the student's attendance at Bundoora Primary School.
